

## **Cookie policy**

This policy governs the use of cookies and establishes Integrated Tickets' legal basis for the use of "cookies" and similar technologies on the Integrated Tickets web application.

### **About Cookies**

#### **What is a cookie?**

A cookie is a small file, generally made up of letters and numbers, which is downloaded to the memory of a computer (or other equipment used for online browsing - mobile phone, tablet, etc.), when the user accesses a certain website.

Cookies are created when a certain website is displayed in the browser used (Edge, Chrome, Safari, Mozilla Firefox, Opera, etc.) by a user. The website sends information to the browser, and the browser creates a text file.

#### **The purpose of cookies**

The Integrated Tickets web application uses cookies only for functionality reasons.

#### **Essential and non-essential cookies**

**Essential cookies:** These are the cookies strictly necessary for the operation of a website. Without these cookies, this website will not work properly.

**Non-essential cookies:** These do not fall under the definition of essential cookies, because they are not strictly necessary for the operation of a website or the services offered on it, such as cookies used to analyze the behavior on a website ("analytical" cookies) or cookies used to display advertisements.

#### **Session cookies and persistent cookies**

**Session cookies** - are specific to a session, they are stored in the user's computer memory only during an Internet browsing session and are automatically deleted when the browser is closed. They can also become inaccessible if the session has been inactive for a certain period of time.

**Persistent cookies** - expire at a fixed point in time or if they are manually deleted from the web browser.

## Types of cookies used by the Integrated Tickets web application

Cookie name	Category	Purpose	Expiration date
.AspNetCore.Cookies	esențial	Keeps the identity of the authenticated user	At the end of the session (when is not selected Remember me at login) or after 45 days (when is selected Remember me)
.AspNetCore.Antiforgery.*	esențial	Stores data that prevents Cross-Site Request Forgery attacks	At the end of the sessions
cookieconsent_status	esențial	Stores cookie consent popup approval	After 365 days

The legal basis for processing: the processing of information about users, contained in or obtained through essential cookies, is carried out in the legitimate interests of railway passenger traffic operators, according to article 6 paragraph (1) letter (f) of the General Regulation Regarding Protection Personal data (GDPR).

Legitimate interests: ensuring the correct functioning of the applications and online services offered.

You can opt to block both essential and non-essential cookies. In this case, we inform you that it is possible that the operation of the web applications and the services offered by them may be partially or totally affected.

### Managing, deactivating and deleting cookies

Detailed information on how to manage, disable and delete cookies by using the settings of the browser used to browse the Internet are available at <https://www.apti.ro/cookies>.
